

# ZIKA VIRUS CAN AFFECT THE NEXT GENERATION

Protect your family, community,  
and Tribe.

Zika can cause serious birth defects.  
You can spread the virus to a pregnant woman  
without knowing you are infected.

PREVENT MOSQUITO BITES AND SEXUAL  
TRANSMISSION TO PROTECT OUR CHILDREN  
AND OUR FUTURE.

LEARN MORE BY VISITING [WWW.NIHB.ORG](http://WWW.NIHB.ORG)  
CLICK "ZIKA HUB"
